NEW ADDRESS: Rt. 7, Frederick, Md.

2/21/68

Dear Mr. Salisbury,

I, too, have been away, on a combination investigative-speaking tour. On it I was told by witnesses Garrison wanted that they had been intimidated into not going by the press.

On my return my wife sprained her ankle. This prevents my scheduled trips to New York temporarily.

I do wish there were some way I could show you some of what I now have. I think it is perhaps the most important documentation yet, and the most sobering and worrying.

Sincerely,

Harold Weisberg
